

The Secondary Six Year Plan (attached) is the secondary road transportation development plan that is presented to the Board of Supervisors at a public hearing for approval on an annual basis. This plan includes VDOT's proposed Secondary Construction Budget of \$440,925 for FY2018 and it outlines the projects prioritized by the Board of Supervisors in previous years for completion with the allocated funding.

The funding for the Secondary Six Year Plan is derived from state and federal gasoline taxes, vehicle title fees, vehicle sales tax and one-half percent of state's sales tax and distributed to the primary urban and secondary systems after addressing maintenance, administrative costs and other priorities established in the Code of Virginia.

As recommended by the Spotsylvania County Board of Supervisors last year and further approved by the Transportation Committee in March of this year the funds shown will be allocated to the existing projects to complete the existing priorities rather than add additional projects.

Route	Road Name	Description (From/To)	Length (Miles)
620	Spotswood Furnace Road	Rte. 1696/Rte. 1733	1.30
642	Woolfolk Road	Rte. 612/Dead End	0.90
647	Twilight Lane	Rte. 605/Dead End	0.43
696	Sullivan Road	Rte. 606/Dead End	0.74
703	Mastin Lane	Rte. 606/Dead End	0.20
682	Parker Lane	Rte. 611/Dead End	0.95
732	Mallard Point Lane	Rte. 627/Dead End	0.27
724	Wigglesworth Road	Rte. 658/Dead End	0.47
726	Ryland Payne Road	Rte. 208/Rte. 601	0.60
762	White Shop Lane	Rte. 719/Dead End	0.20
692	Sunnybrook Farm Rd.	Rte 608/Dead End	0.20
