Dear Mr. Ridgell,

I am writing to confirm that Spotsylvania County enthusiastically supports the Route 606 (Mudd Tavern Road) I-95 Overpass Replacement project and the Route 606 Road Improvements East of I-95 project.

We understand that the proposed improvements have changed since they were presented at a Design Public Hearing on November 19<sup>th</sup>, 2015. We understand that these changes arose from a competitively procured Design Build project and are in support of the configuration that was presented at a Design Public Hearing on April 27<sup>th</sup>, 2017.

Likewise, the County understands that the location of Limited Access Right of Way in the vicinity of Mallard Road and the east side of the will be revised as part of this project and supports these revisions.

Spotsylvania County looks forward to the successful completion of this project and appreciates VDOT's outreach and coordination efforts.

Should you need additional input or comments from the County, please let me know.

Sincerely,

Mark B. Taylor  
County Administrator
