**Subject:** Affects of opioid epidemic on County Attorney's Office workload

Niki:

There are likely increased caseloads for the zoning and animal control dockets, but our office does not have the specific numbers of opioid-related cases. The Sheriff's and zoning/building code enforcement offices would likely have that information.

Our office would also review any grants containing funding for dealing with County-wide opioid issues, but the increase on our workloads would be minimal.

Sincerely,

*Jessica M. DesNoyer*

Assistant County Attorney  
Spotsylvania County Attorney's Office
