

## Primary Development Boundary: Difficult to Serve Areas

**See map below for changes.**

Conservation Easement

## Legend

 Parcels in PDB that are not in close proximity to utilities and development is not feasible until utilities are extended closer.

 Parcels with conservation easements, battlefields, or wetlands that are difficult or infeasible to access.

 Natural Flow Direction

Po/Ni/Matta Rivers create multiple drainage basins. Many sewer pump stations would be required.

Sewer flows away from infrastructure towards Matta River

**Primary Development Boundary:**  
**Difficult to Serve Areas**

**Conservation Easement**

**Not in Primary  
Development Boundary**

**NOT a Conservation Easment  
Land is open for development**

**Not in Primary  
Development Boundary**
