

Rappahannock Electric Cooperative

A Touchstone Energy® Cooperative 

*Outstanding Service
From Caring People*

November 20, 2018

Spotsylvania County Public Utilities
Attn: Scott Powell
600 Hudgins Road
Spotsylvania Va. 22408

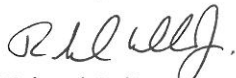

Mr. Powell,

Rappahannock Electric Cooperative has received a request to provide electric service to Keswick Subdivision located on Old Robert E. Lee Drive in Spotsylvania County. In order to provide service, we will need to install electric facilities through right of way areas dedicated to the county pursuant to Virginia State Code 56-27.

The underground facilities will be installed per Virginia Department of Transportation specifications and the Cooperative will make every effort to minimize disturbance to any county property.

Thank you for your help in this matter. Please call me at 804-632-5509 or 540-907-8694 if you have any questions.

Sincerely,

Richard Collawn Jr.
Supervisor of Distribution Design
Eastern Region
