Chancellor District

I have a history of both advocacy and community service. I have an adult daughter with bipolar disorder and a young son with autism and related disabilities. Due to my parenting experience, I understand the necessity of mental health support and community assistance. I also understand the needs that families have related to social services. I have detailed knowledge of the type of support necessary keep families from the at risk category.

On the community level I have served in several organizations. I was a director and then treasurer of the Fredericksburg Jaycees in 2003 and 2004 respectively. I am also active with the Autism Society of Northern Virginia. I have been the chapter secretary for the last two years. I understand the level of commitment necessary to serve in the community and am comfortable with it. I also have a working knowledge of Roberts Rules of Order.

As a REALTOR, I routinely research and process large amounts of information. Additionally, both this and my prior career as an insurance agent give me an in depth understanding of case management. Finally, my careers in finance have taught me the importance of attention to detail.

I look forward to hearing from you regarding the vacancy.

Sincerely,

Ray Nelson
